Documents 1 to 20 of 36 from your search "**(gps OR positioning) AND (acoustic\$3 AND seism\$)**" in all the available information:

Number of titles selected from other pages: 0

☐ **Select All**☐ 1 [display full document](#)

2002. (INZZ) Artillery localization using networked wireless ground sensors.

☐ 2 [display full document](#)

2002. (INZZ) Error evaluation in **acoustic positioning** of a single transponder for seafloor crustal deformation measurements.

☐ 3 [display full document](#)

2002. (INZZ) Deployment-ready multimode micropower wireless sensor networks for intrusion detection, classification, and tracking.

☐ 4 [display full document](#)

2002. (INZZ) Arbitrary source and receiver **positioning** in finite-difference schemes using Kaiser windowed sinc functions.

☐ 5 [display full document](#)

2002. (INZZ) Imaging the viscoelastic properties of tissue.

☐ 6 [display full document](#)

2001. (INZZ) A remote, multi-sensor station to monitor conditions near the sea floor within the hydrate stability zone.

☐ 7 [display full document](#)

2001. (INZZ) Centimeter-level **positioning** on the seafloor.

☐ 8 [display full document](#)

1999. (INZZ) Source and receiver geometry corrections for deep towed multichannel **seismic** data.

☐ 9 [display full document](#)

1998. (INZZ) IEEE Oceanic Engineering Society. OCEANS'98. Conference Proceedings (Cat. No.98CH36259).

☐ 10 [display full document](#)

1998. (INZZ) Near-grazing angle **acoustic** scattering across a rough interface into a viscoelastic solid-laboratory measurement and perturbation theory model.

11 [display full document](#)

1997. (INZZ) Design and fabrication of wireless remotely readable MEMS accelerometers.

1998. (INZZ) Ionospheric signature of surface mine blasts from Global **Positi ning** System measurements.

1997. (INZZ) Precise **positioning** of ocean bottom **seismometer** by using **acoustic** transponder and CTD.

1997. (INZZ) Matched field geoacoustic tomography experiments using light bulb sound sources in the Haro Strait sea trial.

1996. (INZZ) Geoacoustic seafloor exploration with a towed array in a shallow water area of the Strait of Sicily.

1996. (INZZ) Shallow-water imaging multibeam sonars: a new tool for investigating seafloor processes in the coastal zone and on the continental shelf.

1996. (INZZ) Geoacoustic seafloor exploration with a towed array in a shallow water area of the Strait of Sicily.

1995. (INZZ) Principal characteristics of the up-to-date Japanese oceanographic research vessels.

1995. (INZZ) **GPS** detection of ionospheric perturbations following the January 17, 1994, Northridge earthquake.

1995. (INZZ) The influence of pressure ridges on **seismic** signals due to thermal cracking of sea ice.
